INTE 3363

Assignment 1 Due: Sept 30

A. Dreamweaver

Bayside Beat Website Tutorial -> See following link to download the following ZIP file:
http://helpx.adobe.com/creative-cloud/learn/start/dreamweaver.html

This site contains links to download:

- Dreamweaver Trail
- Tutorial ZIP file
- Cheat Sheet

Required:

- Be sure to review all content and functionality
- Once complete upload to your webcoursespace.com site in a new folder named Assign1

B. PHP Test

Using NotePad or Dreamweaver PHP enter the following code and save the file as ˛ phptest.php

```
<html>
<head>
        <title> PHP Test Script </title>
</head>
<body>
        <?php
        phpinfo ( ) ;
        ?>
</body>
</html>
```

Using FTP upload ˛ phptest.php ˛ to both your webspace on webcoursespace.com and on your subdomain created via 000webhost.com in Exercise 2. After uploading, access this file within a web browser to view the results. Review and note (for discussion) any differences between the results.
