Photoshop:

Visit: *http://www.photoshopsupport.com/tutorials/advanced.html*

This site contains several advanced tutorial / techniques using Photoshop.

1. Create a new folder / directory on your webcoursespace named 'Exercise3'.
2. Prepare two (2) advanced Photoshop tutorials / techniques (you can use the above site or another). Save your files as Photoshop files and upload to your webcoursespace.
3. Create a single webpage that includes the following:
    a. Shows both the before and after for both your advanced Photoshop images
    b. Identifies the technique used and briefly describes the process for enhancing the images.

Note: here is a simple layout for this webpage
