PHP

Review PHP resources from class and some online tutorials

*Prepare **1** PHP sample –named 'exercise4.php'*

- This can be anything simple or complex
- You can use Notepad, Dreamweaver, other html editor
- Upload to your webcoursespace in a folder named 'assign4'
- Be prepared to show your sample at the beginning of class
- Exercise marks (5 Marks)
    - 3 for sample
    - 2 for showing in class
